EDUCATION

2023 - Now
SMK TARUNA BHAKTI
- Software Engineer

SKILLS

- Laravel
- PHP
- HTML
- CSS
- MySQL
- Figma

PROFILE

A motivated vocational high school student majoring in Software Engineering, with a strong passion for web and mobile application development. Experienced in using Laravel for backend development and Flutter for mobile apps. Eager to apply and expand technical skills through hands-on experience in a real work environment. Known for being responsible, detail-oriented, and quick to learn.

EXPERIENCE

School Facility Information System Project (SISFO SARPRAS)   2025
Fullstack Developer (Laravel & Flutter)

1. Web (Laravel)
- Built an admin dashboard for managing facility data.
- Implemented login system, CRUD functions, user management, and UI using Blade templating.
2. Mobile (Flutter)
- Developed a mobile app for teachers and students.
- Designed a responsive UI to view facility data and submit reports, integrated with Laravel backend.

Al-Qur'an Mobile App (Personal Project)   2024
Flutter Developer

- Developed a simple mobile application that displays the Al-Qur'an with surah and ayah navigation.
- Designed a clean and readable user interface with light mode option.
- Practiced using structured data, navigation system, and Flutter widgets for smooth user experience.

Restaurant Management Web   2024
Laravel Developer

- Built a web application to manage restaurant menus using Laravel.
- Designed a clean user interface with a welcoming homepage and categorized menu table.
- Created navigation for login, staff, admin, and menu categories.
- Focused on layout design, table styling, and data display using Blade templating and Laravel routing.
